PCI SSC PTS Approval Number:	<b>4-10210</b>	Approval Class:	<b>SCR</b>
Manufacturer:	<b>Uniform Industrial Corporation (United States)</b>		
Name & Model Number:	<b>MSR215E</b>		
Hardware Version Number:	<b>MSR215E-33XXXXXX</b>		
Firmware Number:	<b>SO101V00xb0xx</b>		
Application Version Number if applicable:			
PIN Support:	<b>N/A</b>		
Key Management:			
Prompt Control:	<b>N/A</b>		
PIN Entry Technology:	<b>N/A</b>		
Functions Provided:	<b>MSR,SRED</b>		
Approved Components:			
<b>Approved to meet PCI Device Security Requirements POI V 4.</b>			

Dear Edwin Young:

PCI Security Standards Council, LLC ("PCI SSC") has received your request for PIN Transaction Security ("PTS") approval for the information identified above. In connection with your request, we have reviewed PTS Test Report number **16-3702-R-0067 V1.0**, which was generated by **InfoGard Laboratories, Inc.**

After assessing such file (including, but not limited to, the Report), PCI SSC has found reasonable evidence that the submitted sample(s) of the above-referenced PTS Device sufficiently conform to PCI SSC's PCI PTS Requirements, as specified in the *PCI PTS Manufacturer Self-Assessment*.

PCI SSC hereby (a) grants your PTS device approval, based on the requirements stated in the *PCI PIN Transaction Security Requirements* manual (which may be amended at any time and from time to time by PCI SSC), and (b) agrees to include your PTS device in *PCI SSC's Approved PIN Transaction Security Device List*. PCI SSC's grant to your PTS device model is subject and specifically incorporates (i) the General Terms and Conditions to the Letter of Approval enclosed as Exhibit A; and (ii) the terms and conditions of the Payment Card Industry *PIN Transaction Security Evaluation Testing Vendor Release Agreement* by and between PCI SSC and you. Because PCI SSC's grant is subject to such limitations, including certain events of termination, you and any third parties should confirm that such approval is current and has not been terminated by referring to the list of approved PTS devices published on the PCI SSC website, [www.pcisecuritystandards.org](http://www.pcisecuritystandards.org).

When granted, PCI SSC approval is provided by PCI SSC to ensure certain security and operational characteristics important to the achievement of PCI SSC's goals, but PCI SSC approval does not under any circumstances include any endorsement or warranty regarding the functionality, quality, or performance of any particular product or service. PCI SSC does not warrant any products or services provided by third parties. PCI SSC approval does not under any circumstances include or imply any product warranties from PCI SSC, including, without limitation, any implied warranties of merchantability, fitness for purpose, or non-infringement, all of which are expressly disclaimed by PCI SSC. All rights and remedies regarding products and services which have received PCI SSC approval, shall be provided by the party providing such products or services, and not by PCI SSC.

**This Letter of Approval is effective upon dispatch from PCI SSC, LLC.**

<b>Effective Date:</b>	<b>4 Sep 2016</b>
<b>Expiry Date:</b>	<b>30 Apr 2023</b>
